Tap-water

There is no need to buy bottled water in Aruba, you can drink water directly from the tap. Aruba's tap water is pure, refreshing, and completely tasteless, meeting the highest standards of quality of the World Health Organization. Since Aruba does not have any significant natural sources of fresh water, the water is distilled in a saltwater desalination plant. Water is expensive, so please be wise in your use of tap water.

Electricity

Aruba has adopted the North American voltage standard of 110 A.C. (60 cycles), the same as in the United States and Canada. Electricity is a by-product of the water desalination process. We do not charge extra fee for electricity, but, because electricity is very expensive in Aruba, we request you only use it when necessary. Please turn off the AC unit as well as other electronic equipment and lights when not in use. We hope that our guests will be conscious of the electricity use and we are counting on your cooperation.

Air-conditioning

Casa Dornasol has air-conditioning in each bedrooms and the living room. Each A.C. unit has a remote control. We advise you to not let the temperature get too low in the house, a comfortable temperature to sleep in is about 23-24 Celsius (73-75 F). The air-conditioning will work best if the windows and doors of the bedrooms remain closed.

Please phone or message our contact person if the air-conditioning unit is out of order.

Casa Dornasol has a safe/ vault in the clothing closet. The safe can be adjusted to open with your own code. Our personnel does not have access to your safe, therefore we cannot be held responsible for, or guarantee the safety of your personal valuables.

Beaches

All beaches and every stretch of sand on the island is open to all, and easily accessible by public transportation. Malmok Beach, a 1-mile (1.6 km) walk from our property, is one of the best snorkeling spots on the island.

Best beaches on the island: Arashi Beach, Boca Catalina, Fishermen's Huts (Hadicurari), Palm Beach, Eagle Beach, Manchebo Beach (Punta Brabo), Andicuri, Druif Beach, Surfside Beach, Mangel Halto, Boca Grandi, and Baby Beach.

Car Rental

Although there is a good public transportation system in Aruba, we strongly recommend to rent a car to get around on the island. Several car rental companies are present at the airport for you to pick up or drop off your vehicle or you can request pick-up at Casa Dornasol. While regular cars are suitable for a large part of sightseeing, for the more adventurous, it's a good idea to rent a four wheel drive vehicle to reach certain sightseeing locations. A 4x4 is a MUST for visiting the Arikok National Park.

Grocery shopping

There are several grocery stores, larger and smaller, i.e. Ling and Sons, Ting Wei's and Super Food Plaza, on the island. The closest to our property is Ting Wei's Supermarket, where you can get everything from bathroom toiletries to spices and sunscreens. Although it is further down from our apartment and more expensive, we recommend Super Food Plaza (European style) to buy deli, fish, meat and dairy products as their freshness is always guaranteed.

Should you have any questions during your stay or if we can be of any assistance to you, please feel free to contact us via email or phone; we are always happy to help you!

Enjoy your stay at Casa Dornasol, Judit & Albert
